

## Oracle Transportation Management Functional

**Location:** Fond du Lac, WI

**Duration:** 6 Months

### **Job Description:**

We are in need of a senior level functional consultant that is a subject matter expert with Oracle Transportation Management (**OTM**).

### **Requirements:**

- This individual will be able to provide strategic guidance and subject matter expertise with OTM as the client moves into the Supply Chain/Distribution/Manufacturing phase of the project.
- Individuals with an understanding of the transportation complexities of a global manufacturer like Mercury would be ideal.
- This consultant will have excellent verbal and written communications skills as they will be interfacing with key stakeholders.
